Cathy Henry and Jill McEldowney are educators who have a passion for helping other teachers. They have created The Curriculum Corner to help other educators find creative yet meaningful resources that weave the best practice into their curriculum. They are most well-known for the creation of the kid-friendly “I Can” CCSS statements and planning binders. The best part for teachers is that everything is free! You will find these resources at

www.thecurriculumcorner.com.

Their focus is on providing materials meeting best practice for the classroom. Many of these created items follow a workshop approach. The Curriculum Corner is available for curriculum development and training. Please contact us to learn more or for samples. We are happy to sit down for a planning meeting to make a plan that works for your company.

Hourly rate: \$100
