Three climbers (Pete, Anya & Chris) are planning for their first week-long mountain climbing adventure. They each arrive on different days to begin their trip. Their guide asked all three to bring different supplies for the climb (rope, harness & chalk). Figure out which day each climber arrived and the supply that he/she was supposed to bring.

1. Pete did not bring the rope, nor did he show up on the last day of the weekend.
2. The harnesses didn’t show up until the second night of weekend.
3. Neither Anya nor Chris brought the chalk.
4. Chris had family plans and did not show up until the very end of the weekend.
