

Christmas Wish Lists

A worksheet for writing Christmas wish lists. It features a large red dashed line forming a continuous path that winds through four empty rectangular boxes. The path starts at a green gift box with a white ribbon on the left, goes up and right into the first box, then right and down into the second box, then right and up into the third box, and finally right and down into the fourth box. The path ends at a green Christmas tree with a red star on the right. The boxes are intended for children to write their wish lists.
