

Four in a Row

How to Play: Take turns with your partner. Choose two numbers from the small square. Add the numbers together. Find the sum in the large square and cover it with a marker. The first player to get four in a row wins.

3	9	5
7	2	6
1	4	8

11	13	7	8	15	12
9	15	12	14	3	6
6	5	17	11	8	4
9	13	7	14	9	8
16	12	10	9	11	5
10	7	11	16	8	12
