

August 3, 2022

Dear Family,

Welcome to our room! I am so excited to meet all our classroom family. We have so much to learn about each other and that takes time.

While we are working on learning about each other, I would appreciate your help. Each child who enters our class has a story that will take time to learn. I would love your help in speeding up this process. Please complete the attached form. It will help me learn what your child loves and excels at. It will also help me learn any struggles your child might have and any concerns you would like me to help with.

If you feel like you have additional information that would be helpful, don't hesitate to send an email, call or schedule a meeting. Even little things can be helpful! For example, my daughter gets a headache when she doesn't drink enough water but sometimes needs reminded. My oldest would freeze when younger when she had anxiety – it could look like defiance or refusal to respond, but it was more of a silent panic attack. Some children have a hard time dealing with being too close to others or working in a noisy place. Knowing things like this will help me more quickly help your child.

I'm looking forward to working with all our families in the class to help every child have an amazing year.

Sincerely,

Cathy Henry

FAMILY SURVEY

Please help me get
to know your child!

Student Name: _____

My child's adults are (feel free to include name and relationship to the child):

What is the best way to reach you? (email, text, call) _____

Siblings or other family members in the house: _____

Some of my child's favorites are (activities, ways to learn, books, etc.)

My child struggles with or does not like (activities, ways to learn, social situations, etc.)

Is there anything else you would like me to know about your child?
(continue on the back if you need more room)
