## Year End Pennant Planner

We are creating a banner to welcome new students into our school next school year. What would you include to give others a preview of their year in our school?

One word that shares an idea or skill that was an important part of your year.

Pictures and words that show something or multiple things you have learned.

Recognize our school. Include the name, a picture of our mascot, or an important phrase students say.

# What word would you share to inspire students as they begin the next school year?

adaptable

artistic

attention
