

Multiplication

4 in a row

4	12	14	6	16
14	18	4	24	22
20	12	10	18	8
6	14	14	12	16
16	4	12	20	14
6	10	10	22	8

Directions: Roll two dice and find the total. Multiply the sum by Big Foot's number. Cover the answer. The first player to get four in a row wins.

Multiplication

4 in a row

12	30	24	21	18
21	6	30	15	9
33	12	18	24	27
15	27	36	6	33
27	24	15	36	21
18	9	18	30	12

Directions: Roll two dice and find the total. Multiply the sum by Big Foot's number. Cover the answer. The first player to get four in a row wins.

Multiplication

4 in a row

12	24	36	48	24
32	8	44	20	16
20	32	28	16	40
48	16	20	12	24
40	12	24	28	36
8	28	44	32	20

Directions: Roll two dice and find the total. Multiply the sum by Big Foot's number. Cover the answer. The first player to get four in a row wins.

Multiplication

4 in a row

10	45	40	20	35
60	20	30	55	45
30	55	40	25	15
15	35	20	10	50
25	45	50	35	30
40	10	60	45	25

Directions: Roll two dice and find the total. Multiply the sum by Big Foot's number. Cover the answer. The first player to get four in a row wins.

Multiplication

4 in a row

30	72	54	42	48
36	60	42	24	12
36	18	66	30	60
66	72	12	54	18
48	24	36	48	36
54	60	30	42	24

Directions: Roll two dice and find the total. Multiply the sum by Big Foot's number. Cover the answer. The first player to get four in a row wins.

Multiplication

4 in a row

84	63	35	42	56
42	21	28	70	14
35	56	49	35	63
28	70	14	84	28
21	49	63	42	49
35	56	28	70	21

Directions: Roll two dice and find the total. Multiply the sum by Big Foot's number. Cover the answer. The first player to get four in a row wins.

Multiplication

4 in a row

64	72	32	80	72
24	88	40	24	48
96	16	56	64	40
56	32	48	80	32
80	72	24	16	88
40	96	56	64	48

Directions: Roll two dice and find the total. Multiply the sum by Big Foot's number. Cover the answer. The first player to get four in a row wins.

Multiplication

4 in a row

36	45	72	63	18
81	18	90	27	45
63	54	9	81	72
54	27	36	108	54
108	9	63	18	27
45	81	72	36	90

Directions: Roll two dice and find the total. Multiply the sum by Big Foot's number. Cover the answer. The first player to get four in a row wins.

Multiplication

4 in a row

50	110	30	60	90
90	120	50	20	60
30	80	40	100	40
120	100	70	80	70
70	20	50	110	100
90	40	80	30	60

Directions: Roll two dice and find the total. Multiply the sum by Big Foot's number. Cover the answer. The first player to get four in a row wins.
