## Word Search

**Directions:** Read the passage below. Find the compound words and contractions. Write the words in the correct spot.

I'm so excited for the weekend! We're going on a campout with my cousins and my grandfather. They're driving in their van and we are driving in ours. When we get there we'll start a campfire. At night I'll write in my notebook by using the flashlight because the moonlight won't be enough. Doesn't this sound like a great trip?
