

How to Save a PowerPoint Game as a Google Slides Game

1. Open your Google Drive.
2. Click on New and then select File upload.
3. Find the file on your computer and select Open.
4. The right column of your screen will tell you when you file as finished uploading. You will now also see it under the files shown in My Drive.
5. Double click on your PowerPoint Game to open your file.
6. Click on Open With and select Google Slides.
7. Click on File and select Save as Google Slides.
8. Your game will open in a new tab.
9. To share the link with others, click on the orange Share button.
10. In the window that pops up, click on Get shareable link.
11. Click on the dropdown below Link settings on. You can select how you would like to share your new Google Slides game. We click on More... and then select On – Anyone with the link. Click on Save.
12. To share your link with others, click on Get shareable link at the top of the pop up window. Copy and share this link with others to allow others to play your game.
13. To play the game, click on Present.
