

Number Sense Math Check 2nd Grade

for pre and post assessment

Name: _____

2nd Grade Number Sense

Count by ones, twos, fives, tens and hundreds up to 1,000.

Finish each pattern.

32	33			36	
----	----	--	--	----	--

625		635	640		
-----	--	-----	-----	--	--

2	4	6			
---	---	---	--	--	--

40	50			80	
----	----	--	--	----	--

15	20		30		
----	----	--	----	--	--

Read and write whole numbers up to 1,000. Write numbers using words, models and expanded form.

Name the number.

74

Write the number in word form.

Write the number in expanded form.

392

Write the number in word form.

Write the number in expanded form.

Plot and compare whole numbers up to 1,000 on a number line.

Put the numbers in the correct spots on the number lines.

83 79 88

621 625 616

Circle the biggest number in each box.

40 39	301 311	901 899
----------	------------	------------

Understand that the three digits of a three-digit number represent an amount of hundreds, tens and ones.

Complete the table below to show the numbers of hundreds, tens and ones in each number.

The number is: **400**

hundreds	tens	ones

The number is: **837**

hundreds	tens	ones

The number is: **526**

hundreds	tens	ones

Use place value understanding to compare two three-digit numbers using $>$, $=$ and $<$.

$$31 \underline{\hspace{1cm}} 30$$

$$68 \underline{\hspace{1cm}} 70$$

$$54 \underline{\hspace{1cm}} 45$$

$$100 \underline{\hspace{1cm}} 100$$

$$765 \underline{\hspace{1cm}} 756$$

$$528 \underline{\hspace{1cm}} 582$$

Circle the number sentences that are true.

$$524 > 415$$

$$982 < 924$$

$$124 = 143$$

$$135 = 135$$

$$297 > 246$$

$$247 < 248$$

Match ordinal numbers with a set of up to 30 items.

Put an x on the 5th star.

Put an x on the 8th circle.

Determine if a group of objects (up to 20) has an odd or even number of items.

Is there an odd or even amount of squares below?
Explain how you know.

Color the boxes with an odd number.

18	16
11	13

Answer Key

2nd Grade Number Sense

Count by ones, twos, fives, tens and hundreds up to 1,000.

Finish each pattern.

32	33	34	35	36	37
-----------	-----------	-----------	-----------	-----------	-----------

625	630	635	640	645	650
------------	------------	------------	------------	------------	------------

2	4	6	8	10	12
----------	----------	----------	----------	-----------	-----------

40	50	60	70	80	90
-----------	-----------	-----------	-----------	-----------	-----------

15	20	25	30	35	40
-----------	-----------	-----------	-----------	-----------	-----------

Answer Key

Read and write whole numbers up to 1,000. Write numbers using words, models and expanded form.

Name the number.

352

74

Write the number in word form.

seventy-four

Write the number in expanded form.

$70 + 4$

392

Write the number in word form.

three hundred ninety-two

Write the number in expanded form.

$30 + 90 + 2$

Answer Key

Plot and compare whole numbers up to 1,000 on a number line.

Put the numbers in the correct spots on the number lines.

83 79 88

621 625 616

Circle the biggest number in each box.

<p>(40) 39</p>	<p>301 (311)</p>	<p>(901) 899</p>
-------------------	---------------------	---------------------

Answer Key

Understand that the three digits of a three-digit number represent an amount of hundreds, tens and ones.

Complete the table below to show the numbers of hundreds, tens and ones in each number.

The number is: **400**

hundreds	tens	ones
4	0	0

The number is: **837**

hundreds	tens	ones
8	3	7

The number is: **526**

hundreds	tens	ones
5	2	6

Answer Key

Use place value understanding to compare two three-digit numbers using $>$, $=$ and $<$.

$$31 \underline{>} 30$$

$$68 \underline{<} 70$$

$$54 \underline{>} 45$$

$$100 \underline{=} 100$$

$$765 \underline{>} 756$$

$$528 \underline{>} 582$$

Circle the number sentences that are true.

$$524 > 415$$

$$982 < 924$$

$$124 = 143$$

$$135 = 135$$

$$297 > 246$$

$$247 < 248$$

Answer Key

Match ordinal numbers with a set of up to 30 items.

Put an x on the 5th star.

Put an x on the 8th circle.

Determine if a group of objects (up to 20) has an odd or even number of items.

Is there an odd or even amount of squares below?
Explain how you know.

Even - when I put the squares into groups of two, there are none left over

Color the boxes with an odd number.

18	16
11	13
