7+7 6+6

10+10 Directions: 1. Place game pieces on the starting space.

4+4

| + |

a. Player #1 rolls the dice cube and proceeds that number of spaces.

3. Add the doubles fact in your head and say the answer aloud for your partner to check.

4. Find that answer on your Space Race answer sheet and color it. Take turns.

5. The first player to color all shapes on their board is the winner.

**If you land on a fact you don't have an answer for, it
