

SCHEMA

helps us understand
what we read!

To comprehend what
they read, good readers...

- think about the places they have been
- think about the things they have done
- think about the books they have read

Schema is all of the
information we have in
our brains.

SCHEMA

Thinking Stems

When I am talking about schema, I might start my ideas with...

- I remember when...
- This reminds me of...
- I can relate to this because...
- I have a connection to...
- I have schema for...
- I once read a book about...
- This makes me think of the time I went to...
- I watched a video about...

Schema is all of the information we have in our brains.
