

The polar bear was sitting in the snow on an iceberg.

The weather is very cold in the Arctic.

My sister read about the Arctic fox in her library book.

I can't believe I saw a baby seal!

Do you want to visit the Arctic to see new animals?

We couldn't believe it when we learned that a polar bear's skin was black!

Did you see the snowy owl
sitting at the edge of the ice?

The Arctic wolf and its pups
were warm and safe in their
den.

We saw over five hundred
penguins on the snowy shore!

Did you know that some moose
can grow to over six feet tall?

The Arctic tundra is a cold flat
area with no trees in the far
north around the Arctic Ocean.

An Arctic fox has brown fur in
the summer that turns white
in the winter.

A harp seal can stay under water for about 15 minutes.

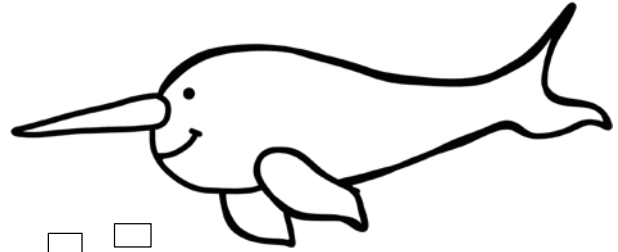

Someday I want to visit Alaska to see some Arctic animals.

Atlantic puffins eat small fish that they hunt for under the water.

Some polar bears can run up to 40 miles per hour!

Did you know that reindeer are also known as caribou?

The beluga whale was swimming in the freezing water.
