

The polar bear was sitting in  
the snow on an iceberg.

The weather is very cold in the  
Arctic.

My sister read about the Arctic  
fox in her library book.

I can't believe I saw a baby  
seal!

Do you want to visit the Arctic  
to see new animals?

We couldn't believe it when we  
learned that a polar bear's  
skin was black!

Did you see the snowy owl sitting at the edge of the ice?

The Arctic wolf and its pups were warm and safe in their den.

We saw over five hundred penguins on the snowy shore!

Did you know that some moose can grow to over six feet tall?

The Arctic tundra is a cold flat area with no trees in the far north around the Arctic Ocean.

An Arctic fox has brown fur in the summer that turns white in the winter.

A harp seal can stay under water for about 15 minutes.

Someday I want to visit Alaska to see some Arctic animals.

Atlantic puffins eat small fish that they hunt for under the water.

Some polar bears can run up to 40 miles per hour!

Did you know that reindeer are also known as caribou?

The beluga whale was swimming in the freezing water.
