

My family went on a long hike in
the woods.

The tall tree had beautiful pink
blossoms.

My dad is very afraid of all
kinds of spiders.

I screamed when I saw the
snake on the trail!

Did you plant the flowers in the
garden?

We saw a mother duck with ten
baby ducklings following
behind her!

Did you see the bees that were
buzzing around the hive?

State parks are great places to
visit when the weather gets
warm.

There were at least 1000 ants
crawling on the ant hill!

Do you ever go fishing with
your friends?

I got poison ivy when I went to
camp last summer.

There were frogs, turtles and
fish in the pond near us.

She saw two squirrels and four
bunnies when she looked out her
window.

Have you ever seen a bear?

She had five mosquito bites!

Let's go on a picnic tomorrow!

Would you like to go camping?

My friends and I made a fort
out of sticks we found.
