

Sibling Count

Do you have any brothers or sisters? How many?

Color the bar in the correct spot on the graph to match how many siblings you have.

Favorite Snacks

We are going to make a graph to show the snacks our class likes best. You may choose from popcorn, cookies, chips or apples. Work with your classmates to label the graph.

Color the bar in the correct spot on the graph to match your favorite snack.

Pets at Home

Do you have a pet at home? If your pet or pets are not listed at the bottom of our bar graph, write the pet or pets at the bottom.

Color the bar (bars) in the correct spot (spots) on the graph to match your answer (answers).

How I Get to School

How do you get to school each day? Do you take the bus, ride your bike or come another way? If how you get to school is not listed, add it to our graph at the bottom.

Color the bar in the correct spot on the graph to match your answer.

My Favorite Breakfast

What is your favorite breakfast food? If your favorite is not listed, add it to our graph at the bottom.

Color the bar in the correct spot on the graph to match your answer.

My Favorite Sport

What is your favorite sport? If your favorite is not listed, add it to our graph at the bottom.

Color the bar in the correct spot on the graph to match your answer.

My Favorite Color

What is your favorite color? If your favorite is not listed, add it to our graph at the bottom.

Color the bar in the correct spot on the graph to match your answer.

My Favorite Season

What is your favorite season?
If your favorite is not listed,
add it to our graph at the
bottom.

Color the bar in the correct
spot on the graph to match
your answer.

My Favorite Pizza

What is your favorite type of pizza? If your favorite is not listed, add it to our graph at the bottom.

Color the bar in the correct spot on the graph to match your answer.

Hobbies We Enjoy

What is your favorite hobby?
If your favorite is not listed,
add it to our graph at the
bottom.

Color the bar in the correct
spot on the graph to match
your answer.

Authors We Love

Make a list of five authors your class knows. Create a graph using the names of the authors.

Color the bar in the correct spot on the graph to match the author you like best.

Favorite Read Alouds

Make a list of five read alouds your class has heard this year. Create a graph using the titles.

Color the bar in the correct spot on the graph to match the book you like best.

Graph Check

- The graph has a title.
- Each axis is labeled.
- The categories are listed going from left to right on the bottom.
- The number of answers are labeled on the far left going from bottom to top.
- The bars are neatly colored in.
