The birds are working together to build their nest.

Do you see the birds gathering at the bird feeder?

Let's get our binoculars so we can watch the birds!

Do you know what type of bird that is?

How many eggs do you see in the nest?

The number of eggs a bird lays at once is called a clutch.

The nestling needs its mother to take care of it.

The talons on the hawk were very strong!

Do you know that
ornithologists study
birds?

The ostrich is the largest
bird in the world.

Wow! I learned that birds
have hollow bones which
help them fly.

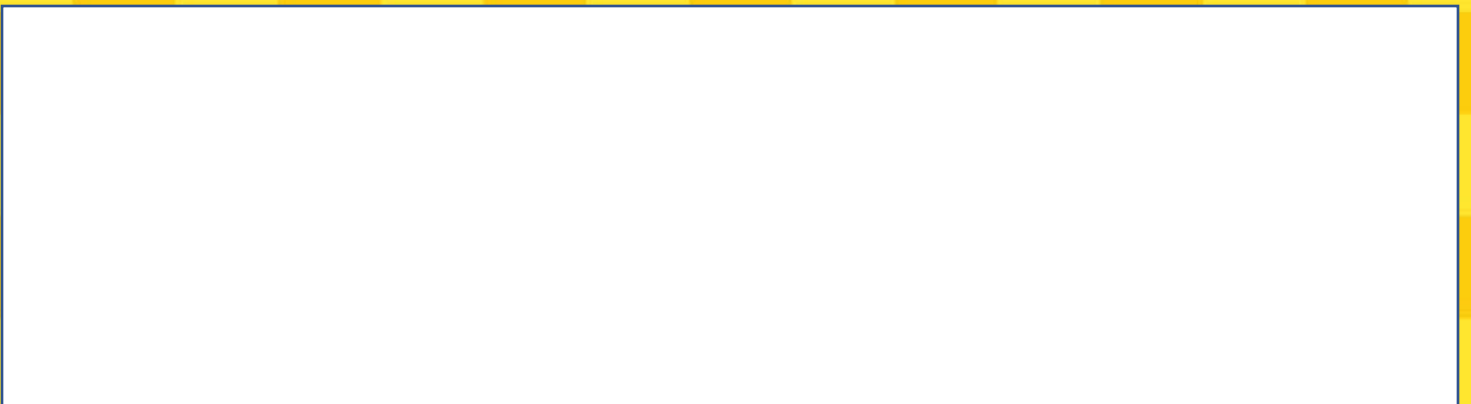

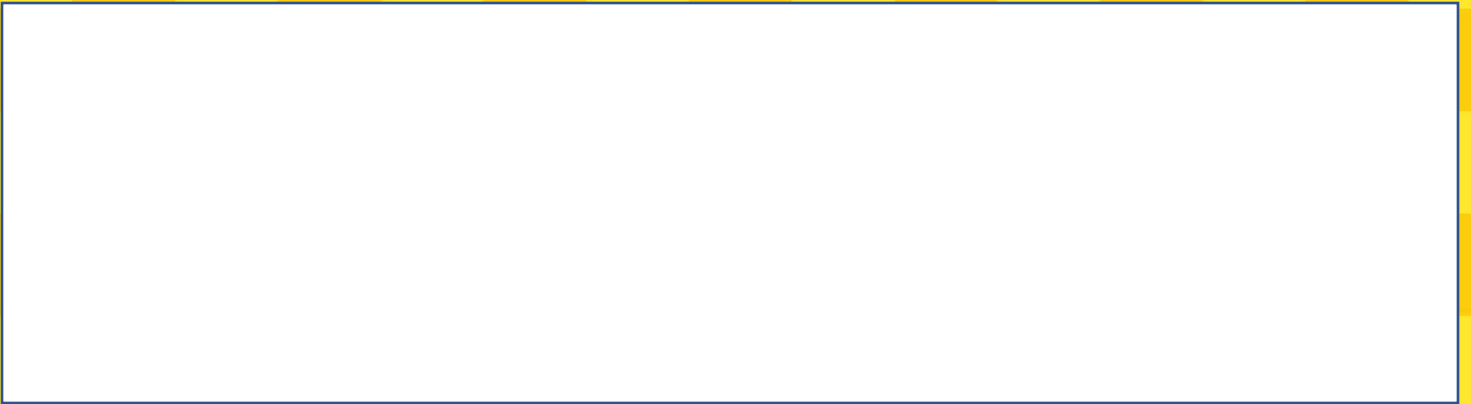

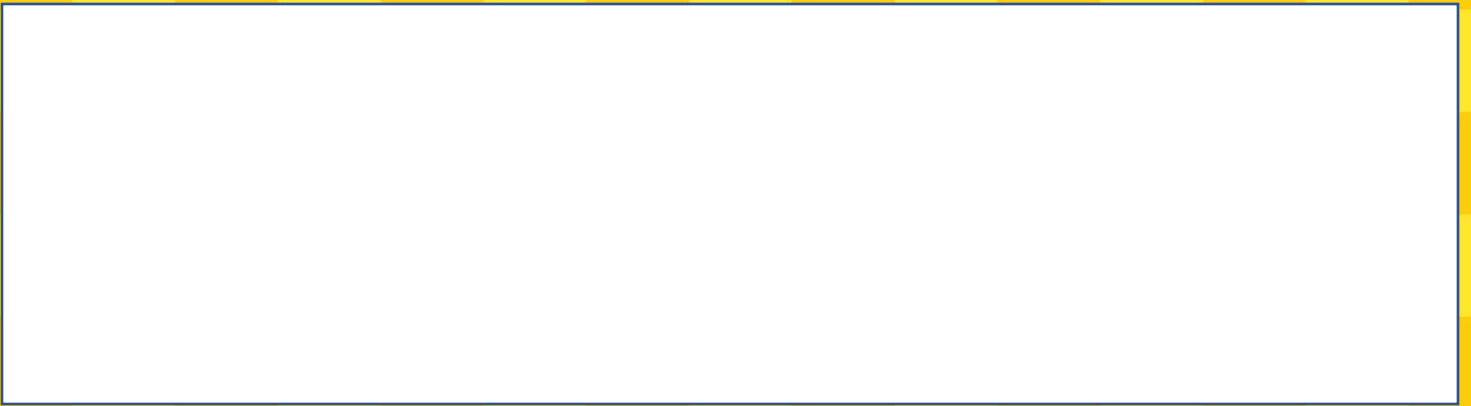

My book taught me that
birds are the only
feathered animals.

I did not know that birds do not have teeth, they only have beaks.

Penguins are one type of bird that can't fly.

The bee hummingbird is the smallest bird in the world.

Do you have a favorite type of bird?

Task Card #1

Pick a book
from the
basket to read
with a partner.

Task Card #2

Practice
reading the
fluency strips.

Task Card #3

Write a story
using words
from the
stack.

Task Card #4

Make your own bird
word cards. Add
two new words and
pictures to the
word card
collection.

Task Card #5

Draw a picture of a bird. Label the picture using words you find on the word cards.

Task Card #6

Syllable sort!
Sort the words
by the number
of syllables in
each word.

Task Card #7

Pick 10 cards.
Put the words in
ABC order.

Task Card #8

Create categories
for the word cards.
Decide on a way to sort
the words and put each
into the correct group.

Task Card #9

How many types of birds can you name? Make a list.

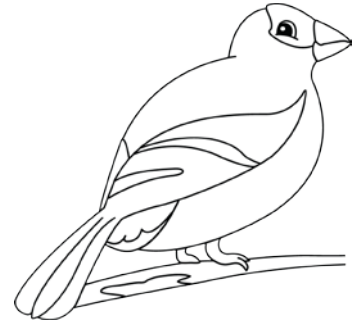

Task Card #10

Make a list of words you can use to describe different birds.

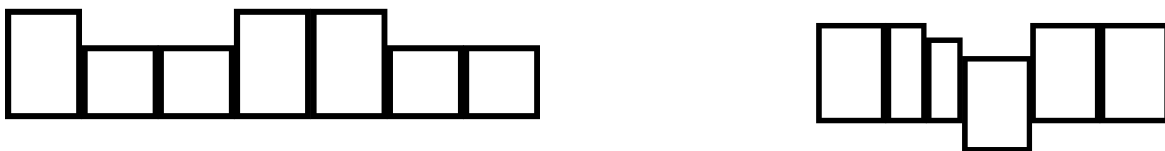

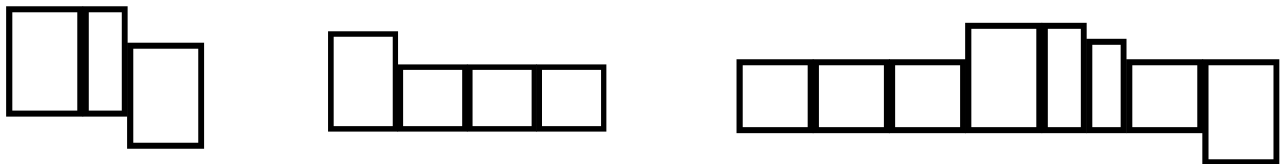

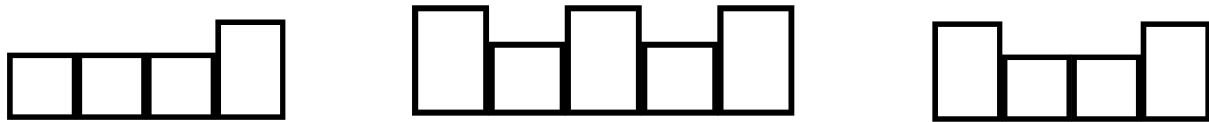

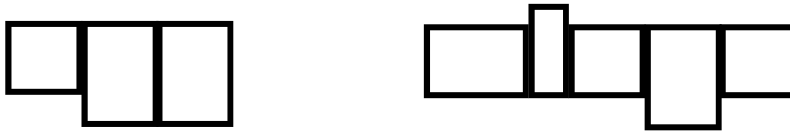

Name: _____

Write the Words

Directions: Write each word in the space for its shape.
