I looked up into the sky and saw...

The villain needed to be stopped before...

Under the mask was...

I changed into my superhero costume before...

What an amazing superpower!

We needed a plan to defeat our enemy.

I looked out the window and saw my nemesis.

I had to hide my true identity!

My invisibility was my biggest strength.

The mastermind of the plan was...

How did she escape?

He was stronger than I imagined.

Outsmarted again!

That looks suspicious!

The villain’s scheme was diabolical.

How could we prevent the destruction of the city?
