

Narrative Lockers

A **personal narrative** is a story that tells others something important about yourself. We are going to design our own **Narrative Lockers**. These will be used to help others throughout the school learn about us.

Your locker will start with three flags that shows others who you are. Make your wording bold. Design your flags to make others want to stop and learn about you!

1. A word that tells others about you.
2. Your name (just your first name is OK!)
3. A strength – what do you excel at? It can be a subject at school, a sport, a hobby, or anything else!

What word will you choose?
