

Dear Families,

Today your child went on a Rainbow Fish Shape & Color Scavenger Hunt and met a new friend! That new friend wrote his/her name and drew a self-portrait below. The two friends talked about their families and some of their favorite things in order to get to know each other better. Your child colored the fish on the opposite side of the paper after using it to "find" their new friend. Have your child tell you about his/her new friend from today!

My new friend's name is:

---
