

Hi! I am Rainbow Fish. I love school and kindergarten children. I like to travel home with my kindergarten friends and visit with their families. I teach my new friends about sharing and how sharing will make you happy!

Enclosed in my bag is my book, The Rainbow Fish by Marcus Pfister and a journal. Please ask a family member to read my story to you. Then, ask them to write about the special times we had during my visit. You can draw a picture to illustrate my visit.

Some ideas:

- What did I play with you?
- Did I play with any of your family members or friends?
- Did I meet your pets?
- Did we eat anything special?
- Where did I sleep?
- Did we go anywhere special?

Thank you for helping to keep me clean. I am machine washable. Please put me in the washer and dryer if I need a bath.

Remember that another kindergarten friend is waiting to take me home. Please bring me back to school tomorrow.

I know we will have a great time together!

Love,

Rainbow Fish
