Dear Families,

We are beginning a writing unit called "All About" books in our classroom. "All About" books at this level will share facts your child already knows about a topic.

Here is how you can help! If you are able, please read nonfiction books with your students at home during your shared reading time. We will be specifically focusing on writing about animals, so reading nonfiction animal books as much as possible will really help with their background knowledge.

Please let me know if you have any questions. Thanks so much for your help!

Sincerely,
